

Project Record Sheet
Unit III
Mastering Photography

4-H 507

Name _____ Age _____ Date _____
Address _____ County _____
City and ZIP _____ Years in photography including cur-
rent year _____ (use a new
Club _____ record sheet each year)

I. Planning

Unit III, Mastering Photography, is designed for advanced members with four or more years of photography experience. You should fully understand all the material covered in Units I and II before starting Unit III. You will need a camera with adjustable shutter speeds and lens openings to complete the assignments in this unit.

If you are interested in learning more about processing film and making prints, refer to the Darkroom Techniques manual. The manual, *How to Produce a Slide Show*, may also be of interest to you.

This unit contains special hints on:

- nature
- landscapes
- people
- sports
- slide shows

This unit will also teach you how to use:

- normal, wide-angle, telephoto and zoom lenses
- electronic flash
- studio lighting
- filters
- close-up accessories

II. What To Do?

Continue your photography record book started in Unit I or begin a separate record book for Unit III, if you need more room. Keep your record book updated with:

- This record sheet (using a new one each year).
- Photos taken for the "Assignments" in the Unit III Member's Manual.
- Additional photos and written descriptions that will illustrate skills you learned in this project.
- A record of your photo expenses (film processing, darkroom supplies, new equipment, repairs) and income (prints sold to friends, pay from jobs, such as weddings, portraits, etc.).
- A photo of any photo exhibit you prepared for school, church, a public building, fair, or any other 4-H activity.

III. Assignments — Activities from Unit III, Member's Manual

Ideas to Explore	What did you learn?
Assignment 1 (p.3)	_____
Lenses	_____
Date Completed:	_____

Assignment 2 (p.6)

Flash

Date Completed:

Assignment 3 (p.9)

Photolamps

(use tungsten film
& combine with #4)

Date Completed:

Assignment 4 (p.14)

Existing Light

(use tungsten film
for part 3 comparison)

Date Completed:

Assignment 5 (p.17)

Filters

Date Completed:

Assignment 6 (p.21)

Portraits

Date Completed:

Assignment (p.25)

Landscapes

Date Completed:

Assignment 8 (p.29)

Close-ups

Date Completed:

Assignment 9 (p.33)

Sports Story

Date Completed:

Assignment 10 (p.37)

Slide Show

Date Completed:

V. Financial Summary

Whether you are using your own camera, your parent's equipment, or a camera you received as a gift, please show a realistic value below.

(Give year purchased. If this year, give cost. If purchased earlier, estimate value.)

Year Purchased	Value \$
Other equipment costs (flash, batteries, etc.)	\$
Film	\$
Processing and printing	\$
Album or mounting sheets	\$
Enlarging and mounting costs	\$
Other expenses (list)	\$
	\$
TOTAL COST OF PROJECT	\$
INCOME (Prize money, pictures sold, etc.)	\$
NET INCOME OR PROFIT (Income minus costs)	\$

VI. How Well Did I Do?

On separate pages in your record book attach your best photos which demonstrate your knowledge of any *three* of the following techniques.

- natural lighting effects using flash
- dusk or evening scene shot with existing light and a long exposure
- interior of a building photographed without a flash
- a filter used to create a more natural looking scene
- a head and shoulder portrait
- a photo taken with accessory close-up equipment
- a photo you printed in the darkroom

For each photo, indicate what you feel are its strong points and weak points.

VII. My 4-H Photography Project Story

Write a story about your photography project on a separate sheet of paper. Include some of your successes and/or failures. Tell some interesting or funny experiences you had with your project. Explain how this project can help with other activities, such as school, church, social or community activities.

This is a complete and accurate story of my work in this project (to be signed at end of the year).

Signature of 4-H Club Member _____

Approved by Local Leader _____ Parent _____

Prepared by Linda D. Cook and Barbara A. Peloquin, IFAS, University of Florida, Gainesville.

This publication was produced at a cost of \$192.23, or 7.3 cents per copy, to inform 4H members and other youth about photography. 1-2635-86

COOPERATIVE EXTENSION SERVICE, UNIVERSITY OF FLORIDA, INSTITUTE OF FOOD AND AGRICULTURAL SCIENCES, K. R. Tiefertiller, director, in cooperation with the United States Department of Agriculture, publishes this information to further the purpose of the May 8 and June 30, 1914 Acts of Congress; and is authorized to provide research, educational information and other services only to individuals and institutions that function without regard to race, color, sex or national origin. Single copies of Extension publications (excluding 4-H and Youth publications) are available free to Florida residents from County Extension Offices.
