

4-H Pygmy Goat

NAME _____
CLUB _____

Record Book

4-H PROJECT/PROGRAM PARTICIPATION GUIDELINE

A 4-H'er must be eight (8) years of age at the beginning of the current 4-H program year (September 1) to be eligible to enroll in a large animal 4-H project (beef, dairy, emu, goat, horse, llama, ostrich, sheep, swine) and to own a large animal.

A 4-H'er who turns eight (8) after the beginning of the current 4-H program year (September 1) may learn about large animals through attendance at meetings or through field trips. They cannot participate, however, in 4-H activities that bring them in contact with large animals.

Families (parents or guardians) assume all risk and responsibility of young children if assisting 4-H siblings with large animals.

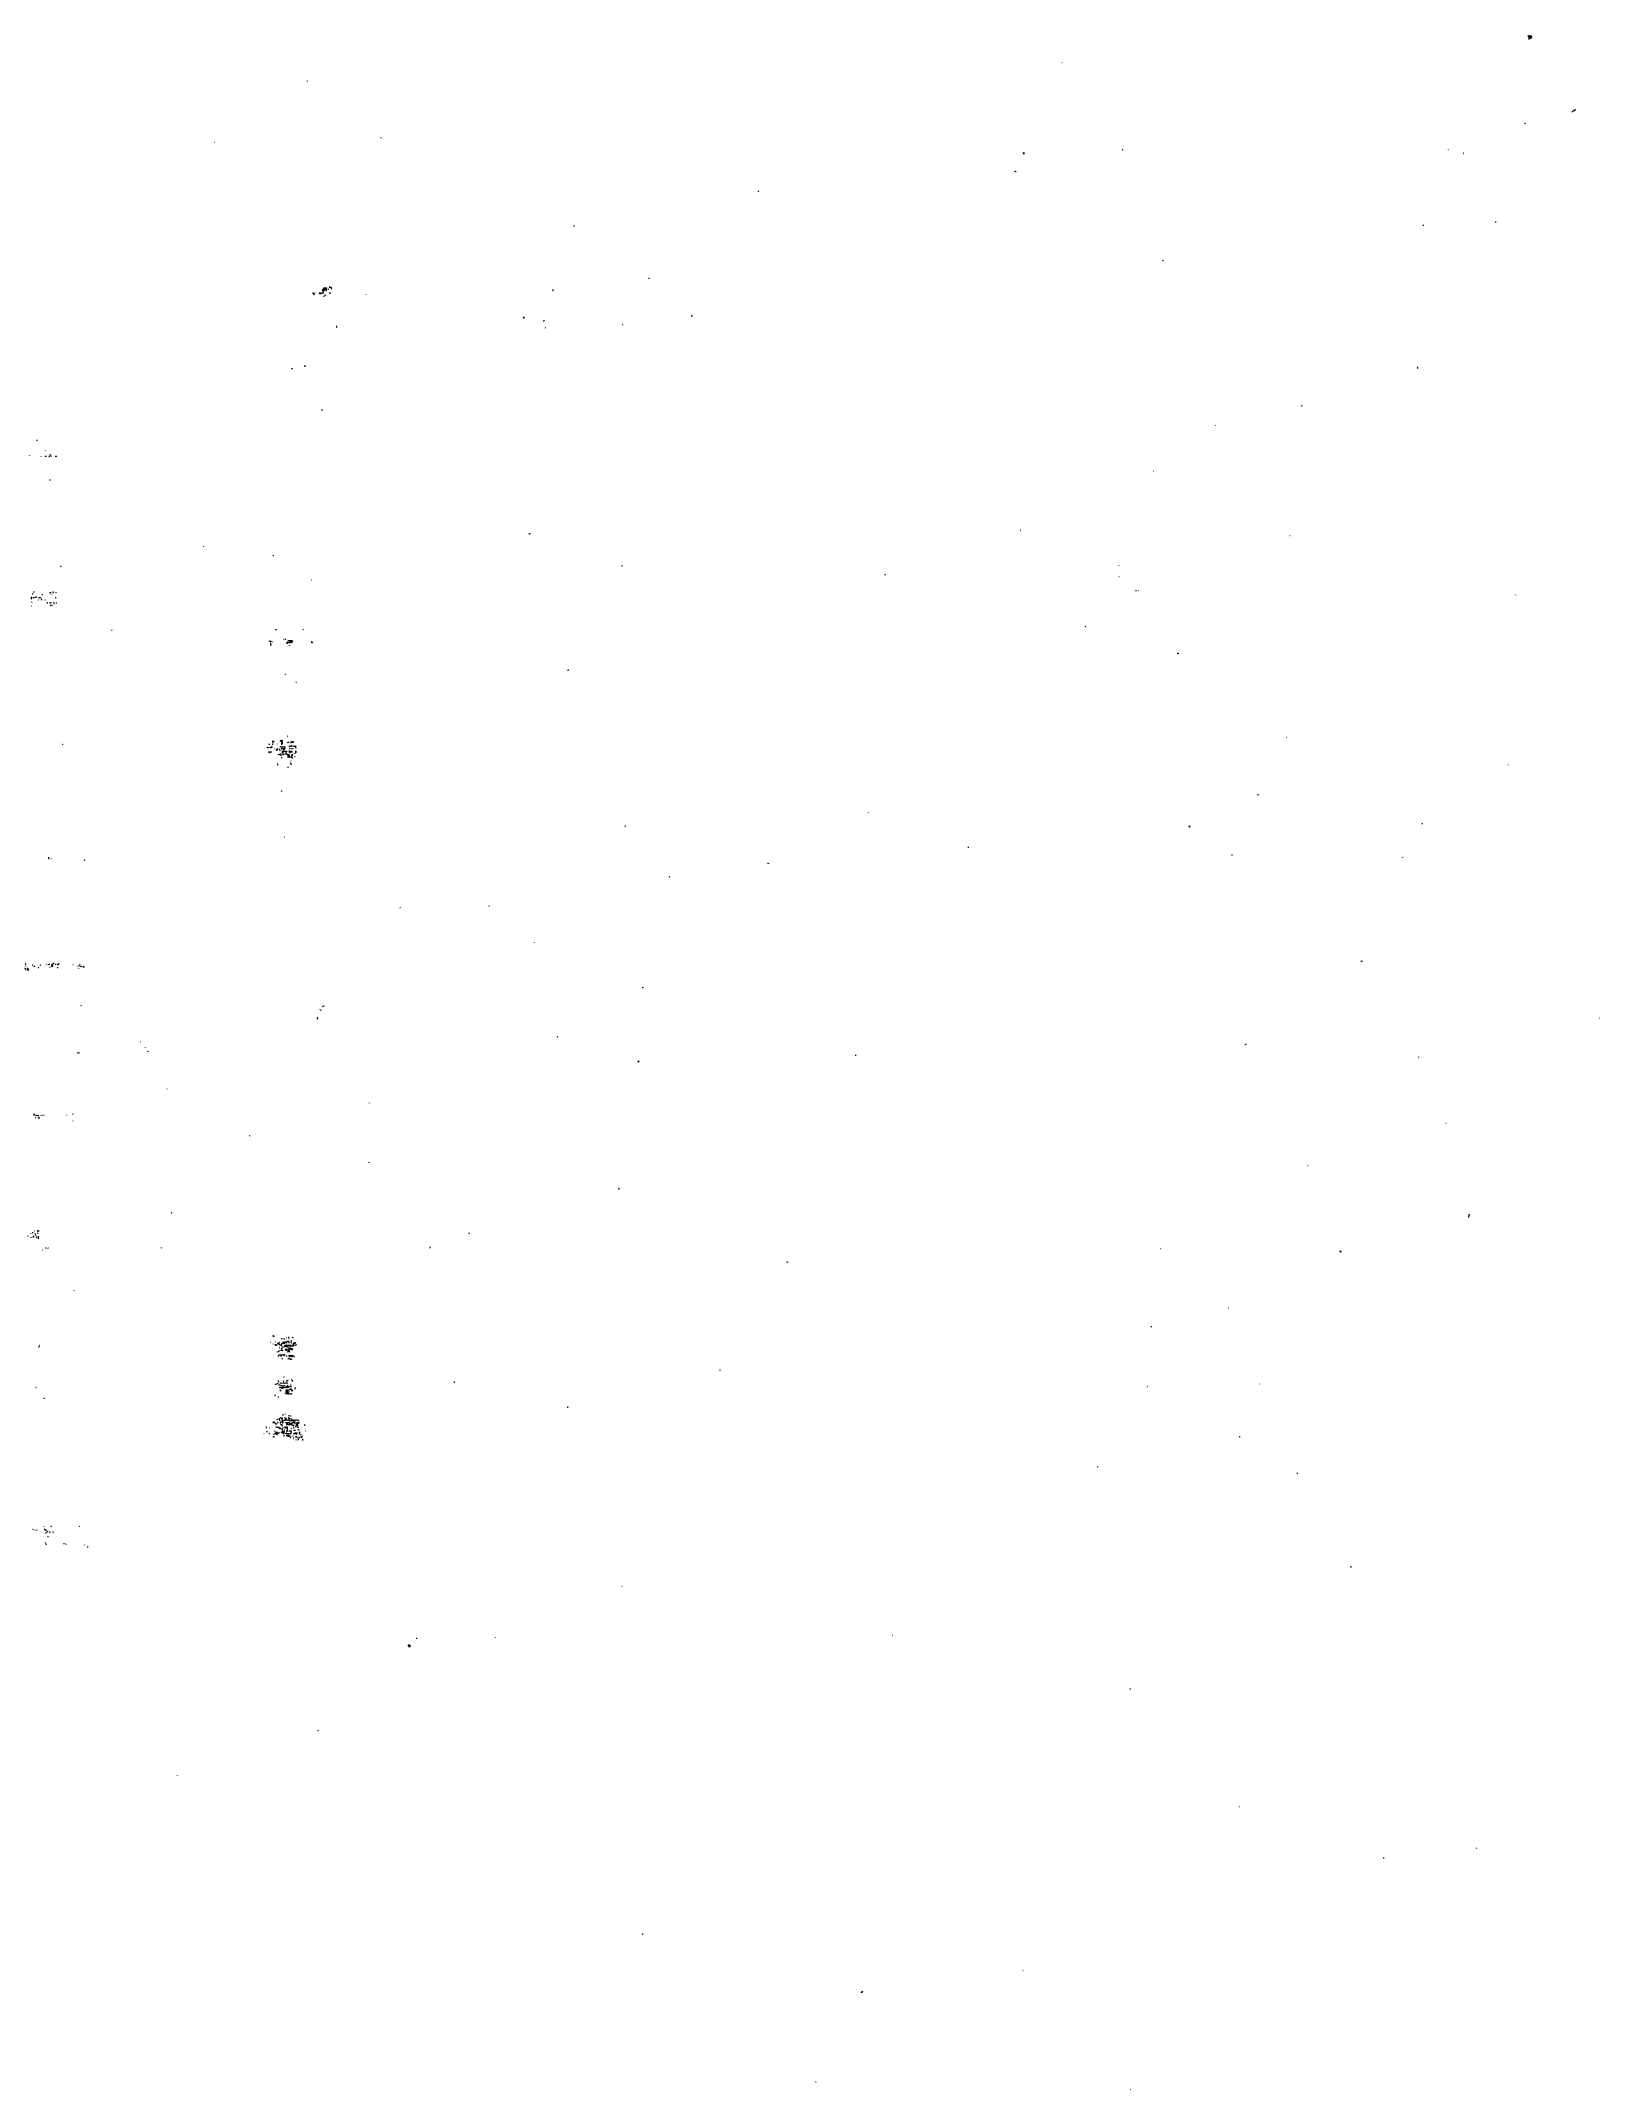

(Approved by Extension Administration, January 1995)

4-H PYGMY GOAT PROJECT

Pygmy goats can be a fun and educational 4-H project specially suited for youth who wish to work with animals but do not have a lot of room or property or those who would rather work with Pygmy Goats than other breeds.

In the project you will learn the basics of selection, housing, feeding, judging, showing and veterinary care.

Your years in 4-H can be very challenging and rewarding. Make the most of them by becoming involved in giving demonstrations, attending county and state events and developing leadership skills that will help your club and community. Learn to "Make the Best Better".

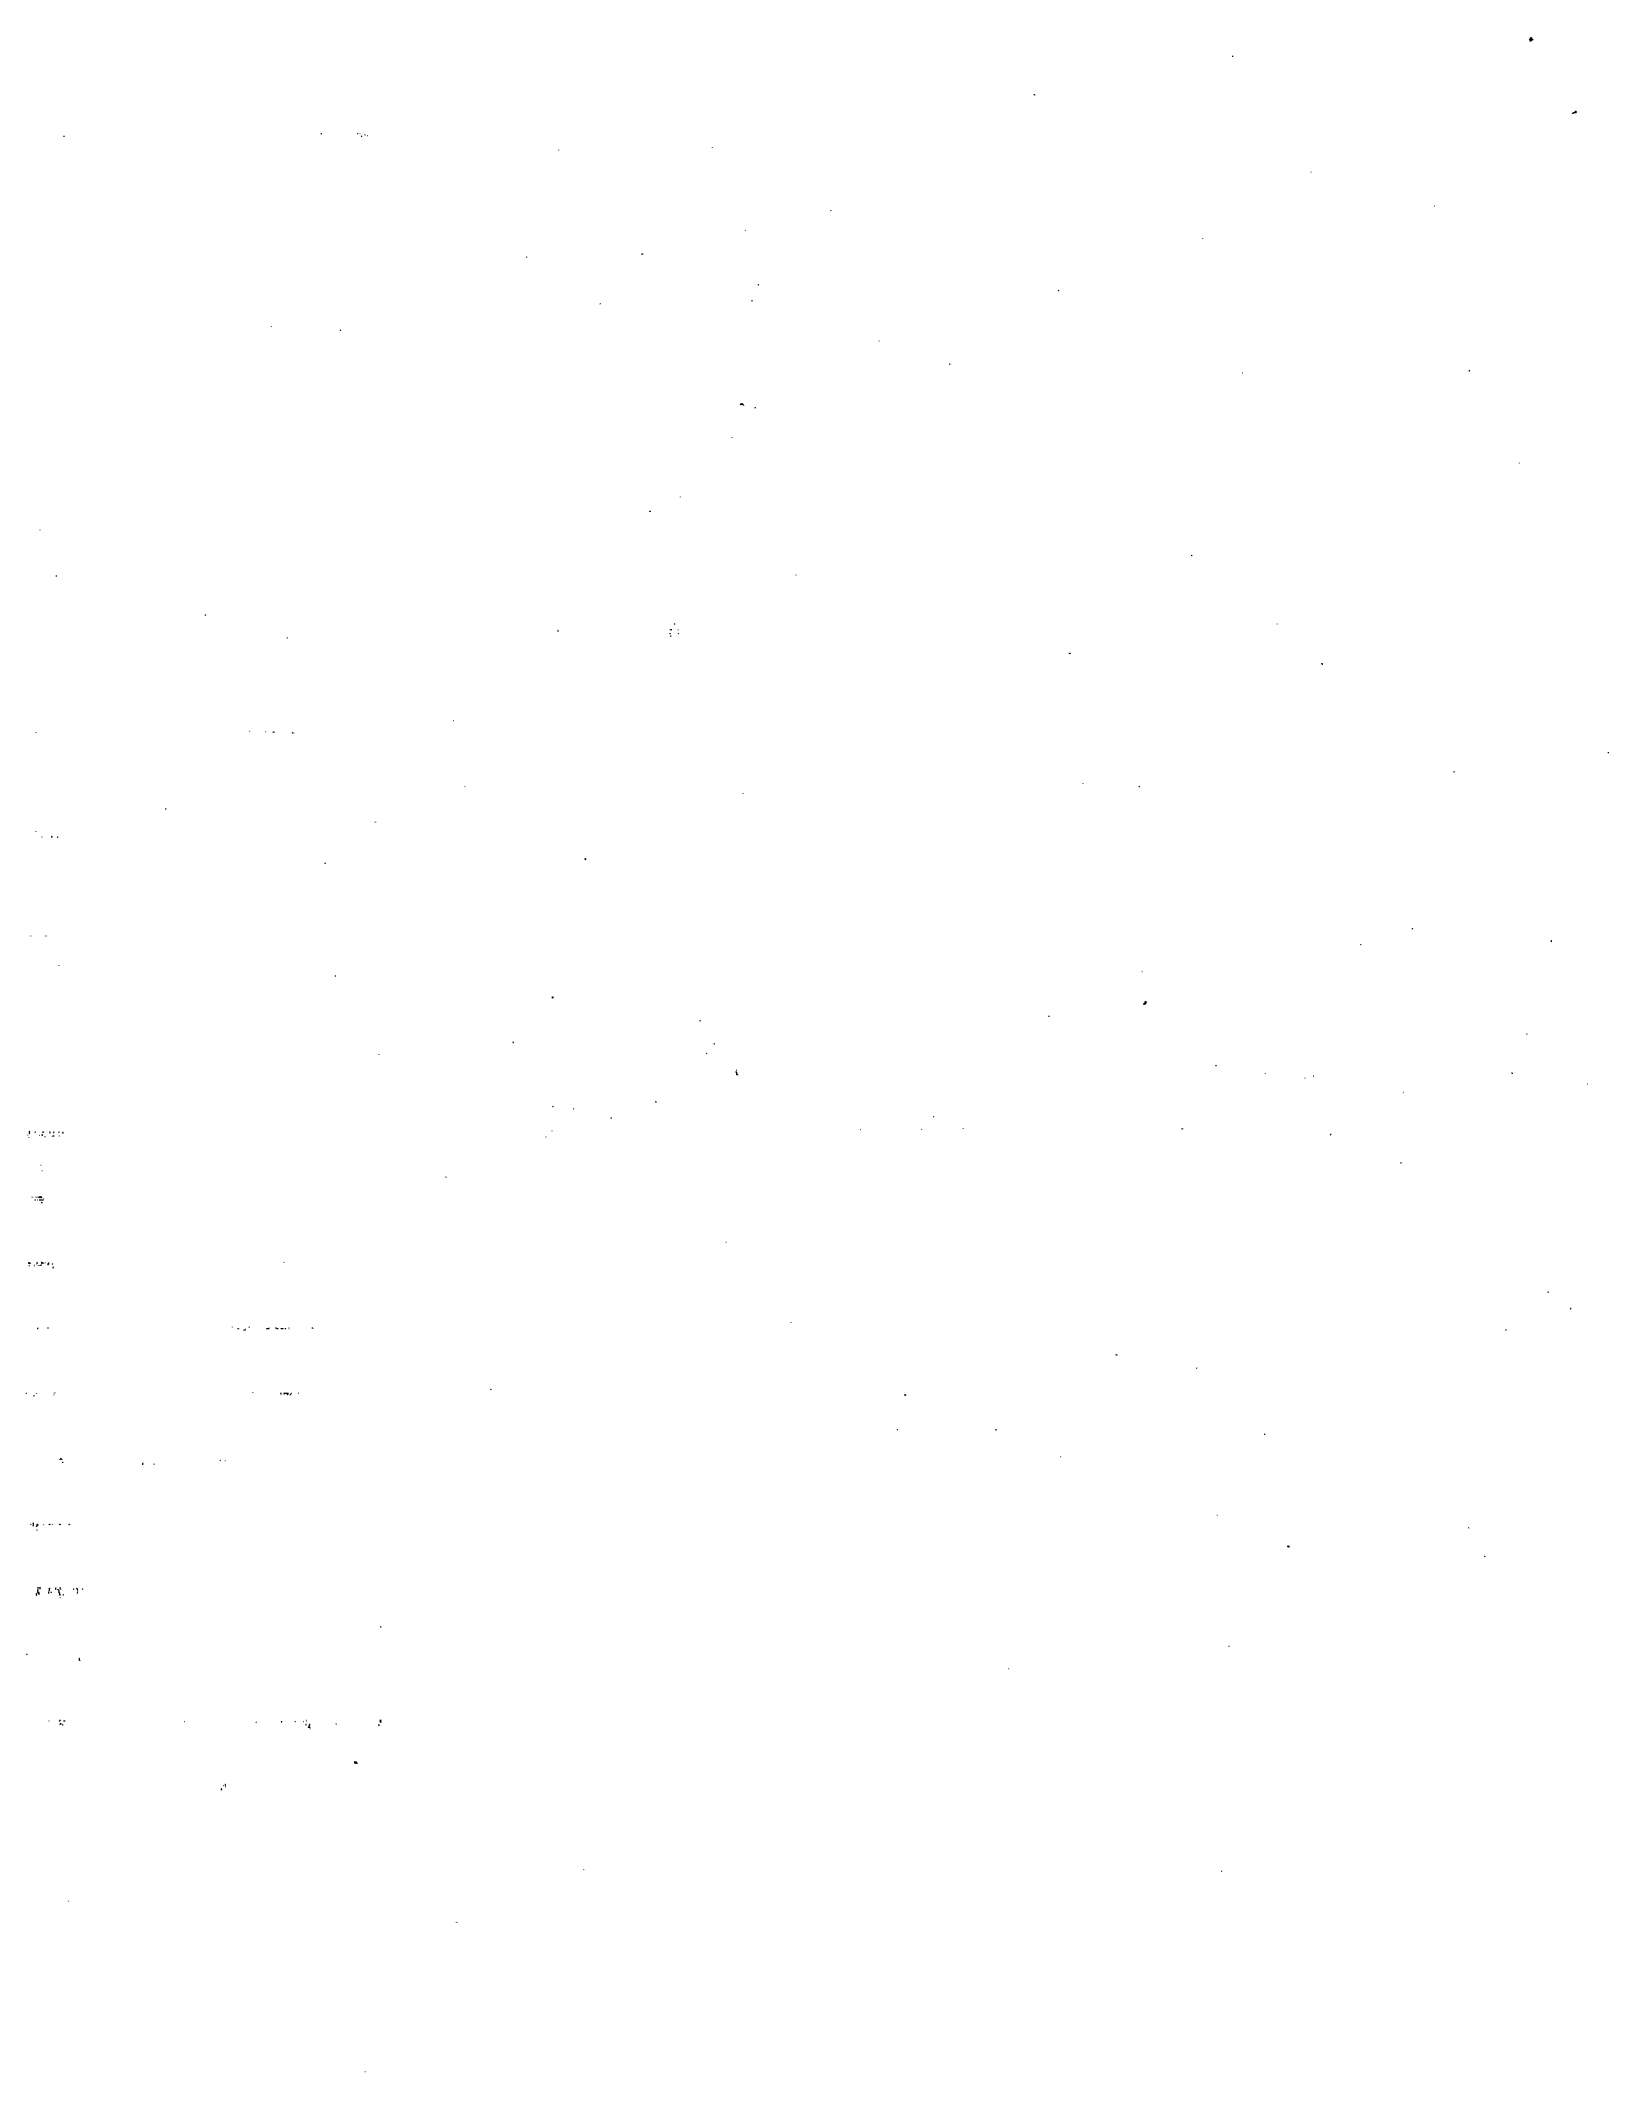

Project materials compiled by: Nancy M. Kadwill, County Agent
400 Markley Street
Norristown, PN 19401
Montgomery County Cooperative Extension Service

First -year members should obtain from their County Agent a copy of the 4-H Pygmy Goat Project Handbook which contains project goals, requirements and resource information.

Special thanks to W. Paul Anderson, Extension Dairy Specialist, for materials from the Pennsylvania 4-H Dairy Goat Project Book.

Individual Animal Name _____

(Add additional pages as needed)

GROWTH FOR KIDS:

Measure the cannon and height at withers of your goat and record it in your book every month. The cannon bone is measured with calipers set at the outer edge of the knee and pastern joints, with both joints sharply bent. The withers are measured by standing the goat on a level floor, placing a long stick upright beside the forelegs and a short stick level over the withers and crossing the upright stick. The height of the withers will then be the distance from the floor to where the short stick crosses the upright stick.

QUESTIONS TO ANSWERED THE FIRST YEAR

1. What is a purebred goat? _____

2. Name two breeds of goats not including the breed you have. _____

3. What two things should you consider when buying your goat? _____

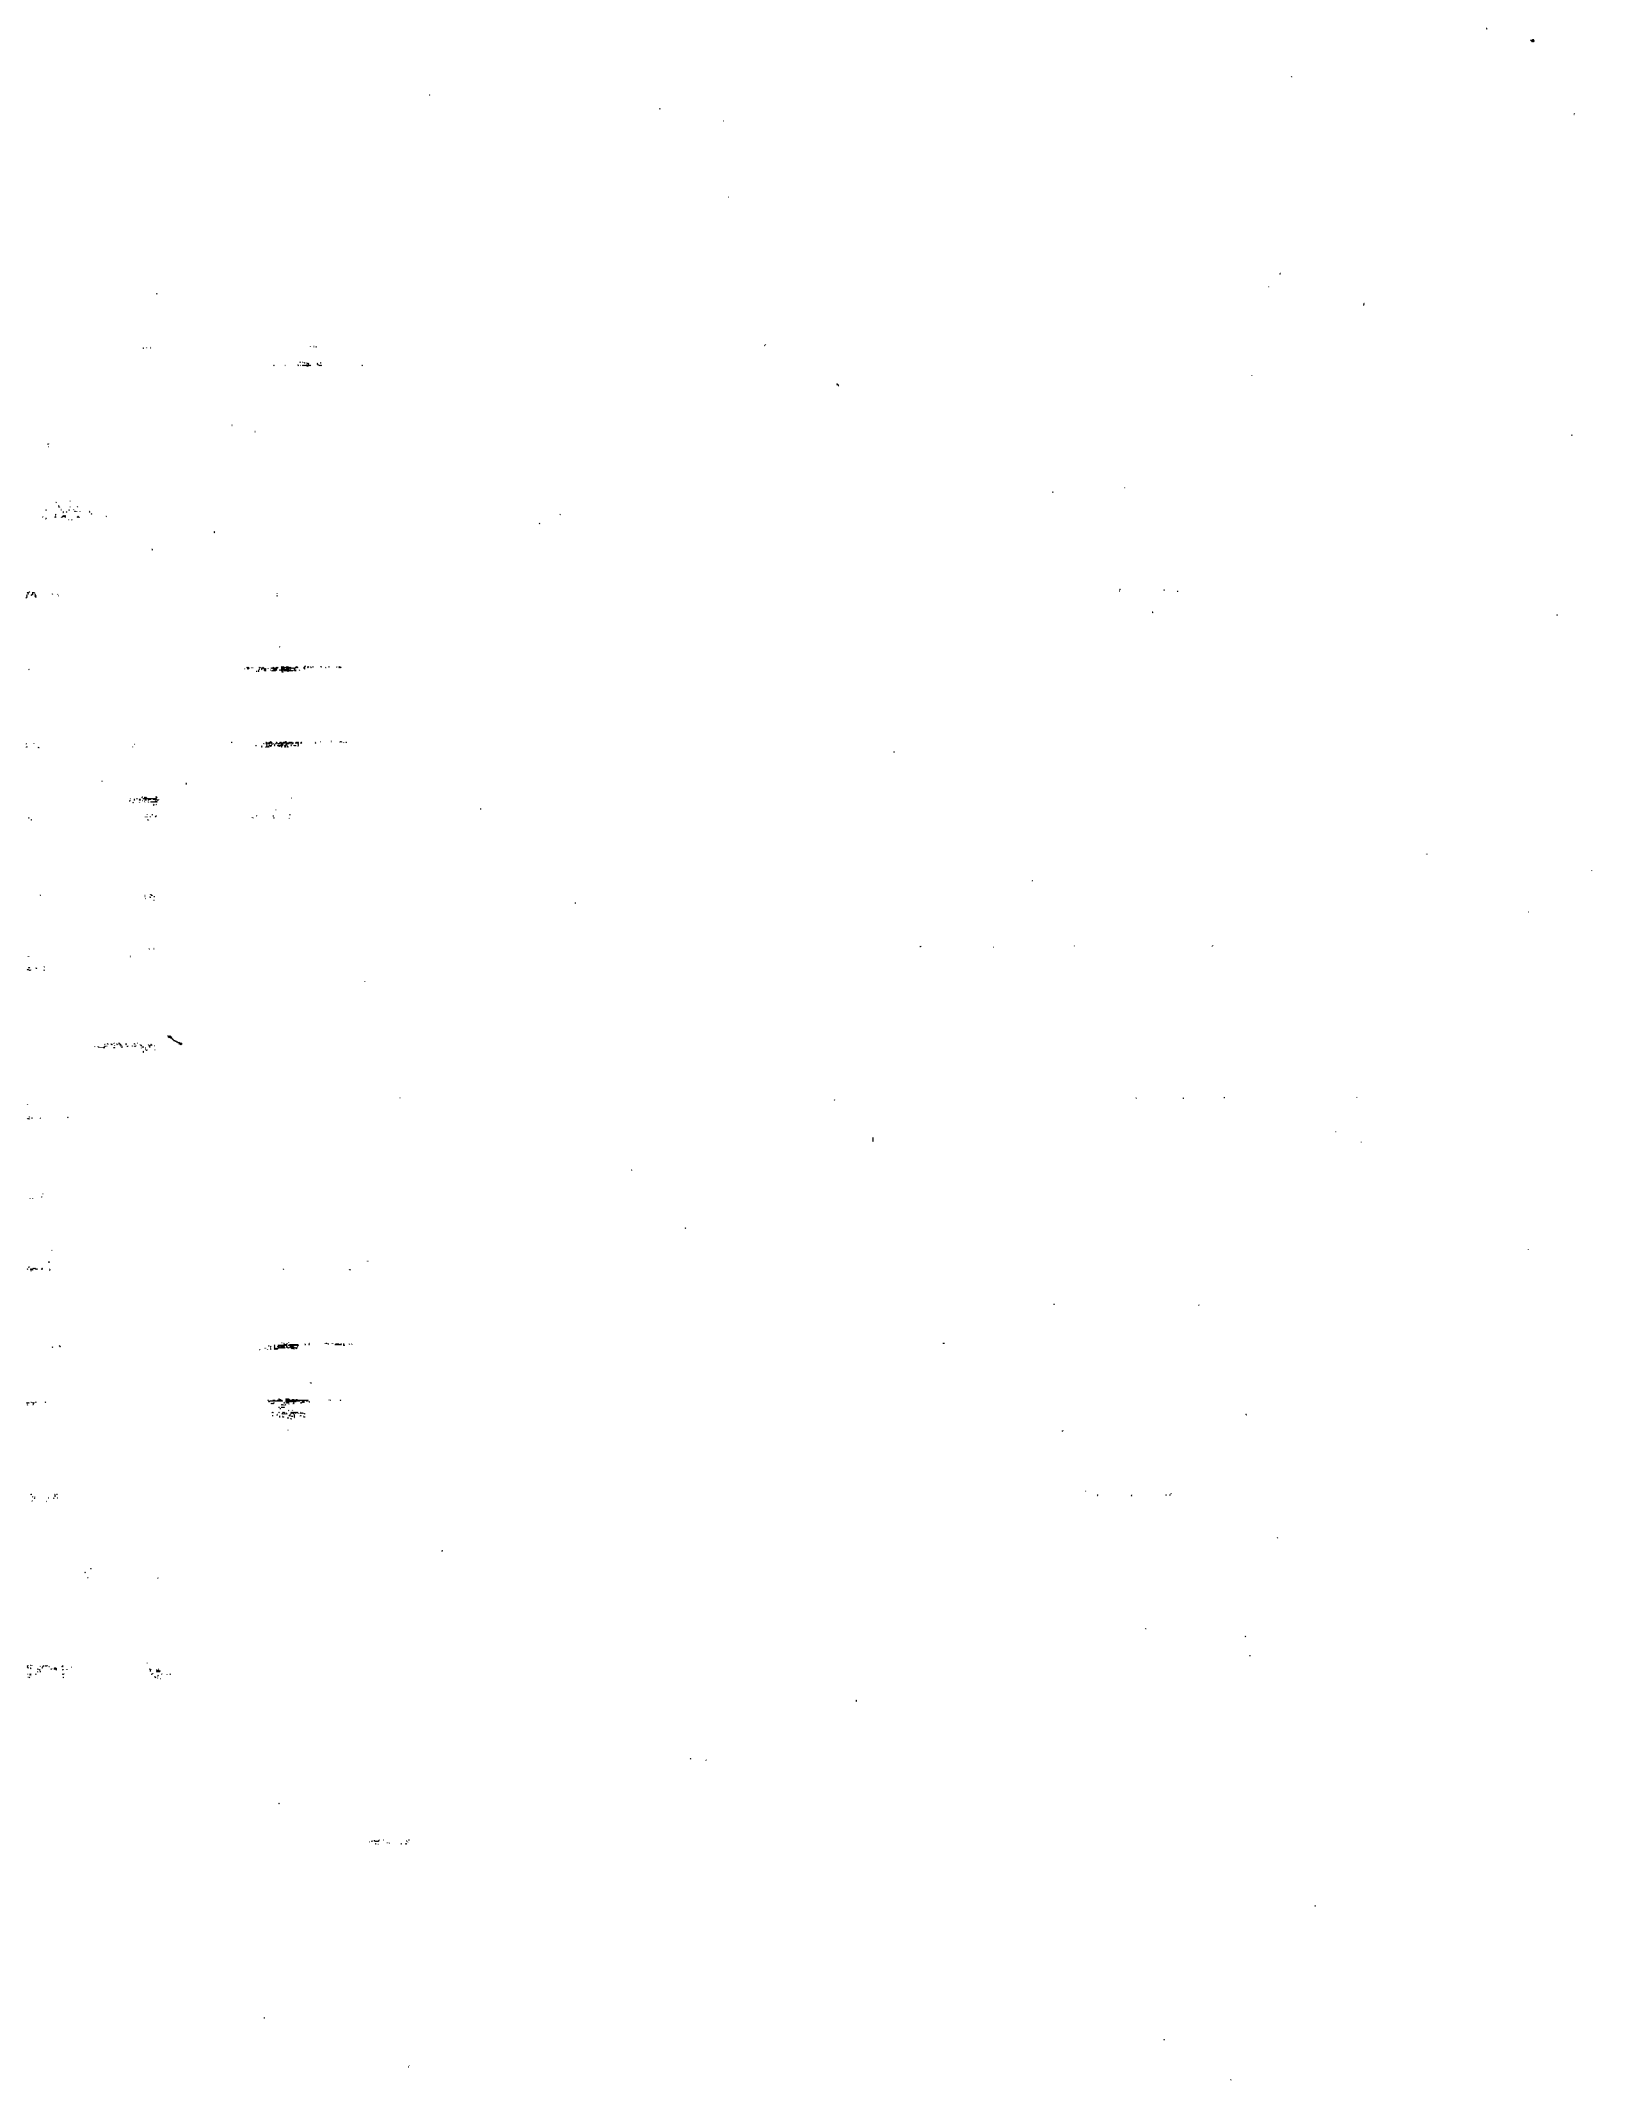

4. Where is a goat's "withers"? _____

5. Where is a goat's "cannon"? _____

6. Your goat should be housed where she is protected against _____
and _____
7. When may milk feeding the kid be discontinued? _____
Under what condition? _____
8. How often should the grain be weighed or measured? _____

9. What tools would you need to trim the feet? _____

10. If you choose to disbud the kids, when should this be done? _____

QUESTIONS TO BE ANSWERED THE SECOND YEAR

1. How much grain should you feed yearlings that are on good pasture and/or hay? _____

2. What should your free choice mineral mix contain? _____

3. What are the two most common health risks with goats? _____

4. When should young does be bred? _____

5. Where should your goat be at kidding time? _____

6. How long a gestation period do goats have? _____

7. How many kids do mature goats usually have at one time? _____

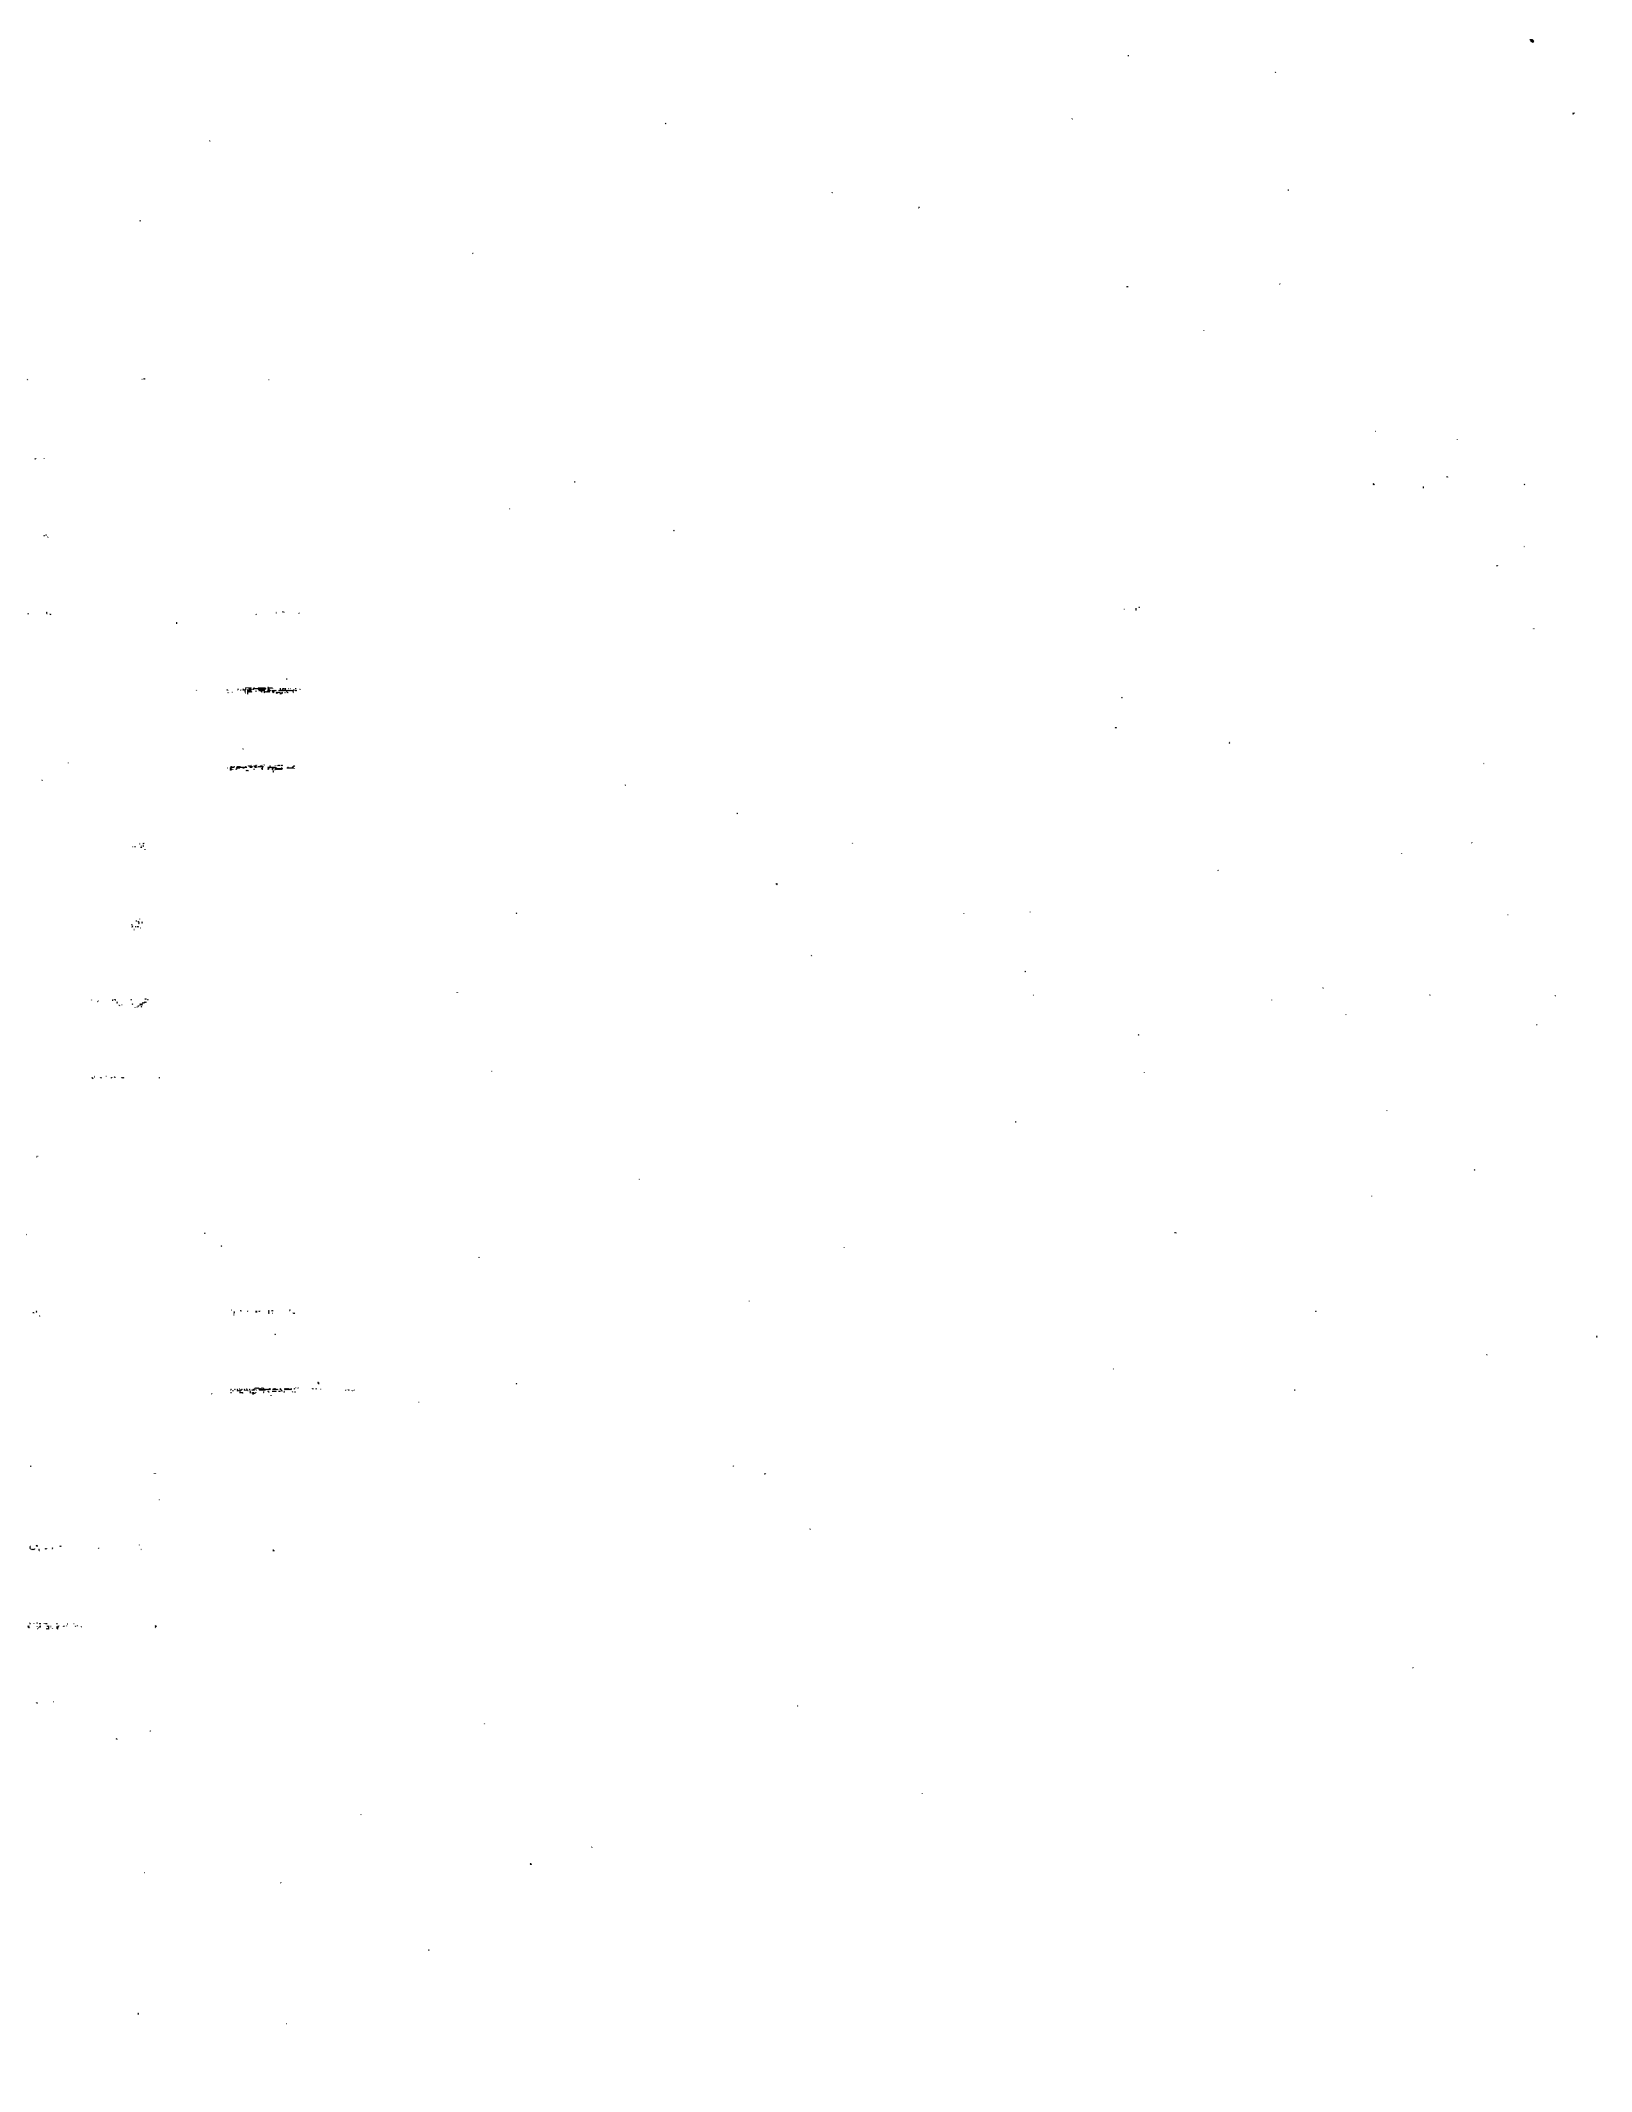

8. How long a time is usually needed to fit your goat for a show? _____

9. Name and describe two poisonous plants and tell how they can affect your goat. _____

10. Describe your current worming program--what is used, how often it is administered and what parasites you are seeking to control. _____

THIRD YEAR AND LONGER MEMBERS

Members that have been in the project for three or more years should attach a special detailed report on some phase of pygmy goat husbandry (such as judging, reproduction, history, etc.)
